Essential know-how for Australian legal professionals

Welcome

As Chair of the Board of Advisors for Practical Law Australia, I am delighted to be a part of this significant innovation for Australian lawyers.

Practical Law is internationally acclaimed for its practical approach to legal knowledge, and we have applied that same technique to Australian law, with market leading precedents and fully maintained workflow tools that will save practitioners valuable time and enable them to advise with confidence. I am convinced that the availability of technology and content of this kind will continue the legal research revolution and allow practitioners to respond to their clients with greater speed and accuracy than ever.

Practical Law Australia is expanding with new modules releasing in 2017 and an exciting content roadmap laid out for future development. The Board of Advisors offers a wealth of experience to Practical Law Australia. We are from diverse legal backgrounds, ranging from the judiciary, law firms and corporations, ensuring that our various user groups are all represented on the Board. Our brief is to actively guide Practical Law Australia's experienced legal writing team and ensure that we shape the service to be the very best of its kind. I hope you enjoy the Practical Law Australia experience as much as I do.

Meet the team

The Practical Law Australia family comprises an external board of advisors and in-house team of legal writers. All our team members have specialist practice experience, and are dedicated to delivering practical and concise guidance to busy legal professionals.

Linda Taylor

Head of Employment

Linda Taylor has more than 15 years' experience in employment, industrial relations, and work health and safety law in both private practice and in-house roles. Prior to joining Practical Law Australia, Linda held senior management positions with the Australian Broadcasting Corporation, where she advised on a variety of matters, including termination of employment, transfer of business, and disciplinary and grievance investigations.

Tim Perry

Head of Corporate

Tim Perry has more than 12 years' experience practising at leading law firms in Australia, including Gilbert + Tobin and DLA Piper. Tim's expertise includes advising on public and private mergers and acquisitions, private equity transactions, joint ventures, restructures, capital raisings, privatisations and other government transactions, corporate governance, directors' duties and commercial contracts.

Ian Wylie

Head of Dispute Resolution

Ian Wylie practised as a partner in Norton Rose Fulbright followed by Ashurst for 16 years, then as a barrister at the New South Wales Bar for 11 years. He has experience in a range of industry sectors advising on dispute resolution management and strategy, and appearing in regulatory investigations and competition and consumer protection, intellectual property and other commercial litigation.

Michael Milnes

Head of Commercial Law

Michael Milnes has extensive legal and commercial experience, practising both as in-house counsel and at leading law firms in Australia, the UK and France. Michael has experience of advising at a strategic and operational level, across a wide range of commercial legal practice, including major contracts, competition and consumer law issues, marketing law, technology, IP and brand protection. Michael is also currently completing a Masters of Business Administration.

Contract Express

Reliable and intuitive document automation software

Contract Express is trusted by the world's leading law firms and corporations to generate standard legal documents from automated templates, reducing or eliminating the delays, costs, bottlenecks and risks inherent with manual drafting.

Unlike other document automation products, Contract Express understands lawyers' "square bracket" legal markup notation. There's no IT programming, no hidden codes or fields, no questionnaire scripting and no need to reapply styles to generated documents. This capability is unique to Contract Express and protected by 13 granted US patents, with more pending.
