

SOFTDOCS DOCUMENT AUTOMATION, LEGAL FORMS AND PRECEDENTS

NOW AVAILABLE ON WESTLAW AU

When your professional reputation is built on your knowledge and expertise, why is so much of your time spent on document production?

With more than 30 years' experience and hundreds of clients throughout Australasia, *Softdocs* is the region's leading provider of automated document solutions. *Softdocs* builds your legal documents with ease and precision – slashing the time your practice spends on document production.

What is document automation?

Document automation is the process by which standard letters and documents are combined with specific matter data to quickly produce and reproduce letters and documents for use in all legal matters.

The benefits of using Softdocs on Westlaw AU

- Receive fast updates to any court form or legislative change
- Produce court forms with accuracy
- Select from a comprehensive range of customisable standard letters
- Feel confident delegating your document production to less experienced staff
- Enter your firm details only once.

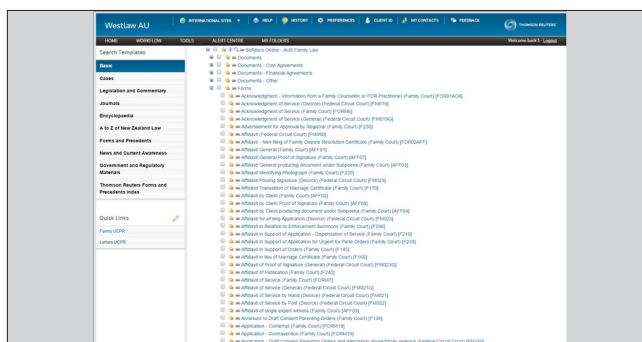

"AS THE MARKET GETS MORE COMPETITIVE, BEING ABLE TO TURN DOCUMENTS AROUND QUICKLY AND EFFICIENTLY IS PARAMOUNT."
